

President's Message

Over the past summer, the Chamber was part of placing, supervising and evaluating 140 summer interns. The effort is a partnership through the Pasadena Unified School District's College and Careers office and the career academies at Blair, Muir and Pasadena High Schools.

The Pasadena Chamber of Commerce was pleased to be part of the celebration marking the end of our summer internship program for 2018. The celebration was an opportunity to recognize our PUSD student interns, the host companies and the individuals, including our own Workforce Development Director Amy Foell, who made the summer so successful.

At the celebration, we recognized four Chamber member companies who have hosted student interns each year since we began the partnership with the PUSD in 2015. **The Law Offices of Donald P. Schweitzer, Pasadena Ronald McDonald House, Vroman's Bookstore** and the **Pasadena Police Department** were each presented with a plaque thanking them for their support of the internship program.

Sgt. Glenn Thompson of the Pasadena Police mentioned at the event that several of their interns had joined the PPD Explorer's Program and were interested in pursuing careers in law enforcement. One had recently joined the military with the intent of completing his service and then returning to do police work in our local community. This year's intern, Brandon Lopez, gained experience in forensics, property, investigations and more.

Ashlee Null and Dolores Bauer of Vroman's each talked about how mature and helpful the intern they hosted was, and how helpful she was in every task she was assigned. Megan Willerford helped out with marketing, sales, inventory and even worked Vroman's author events.

If you are interested in supporting our workforce development efforts by hosting an intern please contact Amy at amy@pasadena-chamber.org.
